End Date/Time: Thur 6/30/2016 7:00:00 PM
[Deschutes TMDL SIT Consultation Meeting Agenda_06302016.pdf](#)

Good Morning,

Please find attached an agenda to help guide our discussion next week. If you have any questions, please feel free to contact me by email or my office line at (206) 553-1353. We look forward to seeing you.

Have a good day,

Chris

Hello,

I am excited to report that we have identified an earlier date for our discussion! Please reserve the morning of June 30th on your calendars. Presently, we are planning to meet from 9:00 am to noon in Lacey. A final meeting agenda containing discussion topics and location will be distributed soon.

Thanks to each of you for your kind patience during our scheduling process.

Sincerely,

Chris

Greetings and Good Morning,

Due to a calendar conflict, we respectfully request that our consultation meeting be rescheduled for the afternoon of July 13th in Lacey.

Thank you for your kind patience as we coordinate schedules. Please let us know if you have any questions.

Respectfully,

Chris

Good Afternoon,

I hope this note finds each of you doing well and anticipating a relaxing weekend.

In reviewing schedules, it appears May 17th is the earliest and best-available date to begin our consultation regarding the Deschutes Watershed Total Maximum Daily Load study. Please advise should this invitation represent any critical schedule conflicts. According to Erica's request, we are requesting the attendance of Washington Department of Ecology representatives.

I will coordinate with both Lydia and Lucy to identify an appropriate meeting location in the Lacey area. A proposed consultation structure and agenda will follow in the coming weeks.

Thanks in advance for your time, and, for sharing your ideas. If you have any questions or thoughts, please let me know.

Respectfully,

Chris
